## WOOF! WOOF!

Missouri speaks. The fight is won, and Champ Clark is her favorite son. Hark! Listen to the martial sound: "You gotta quit bickin' my dog around."

## Blizzard Last Night

Last night's blizzard was mild to what we were led to expect from Medicine Hat. The wind blew quite strong and some rain and snow fell, but we have seen worse.

## THOUSANDS OF ACRES

## Gathered in Burley Pool at Monday's Meetings

As a result of meetings in Flemingsburg, Versailles, Cynthiana, Springfield, Bedford and Winchester yesterday nearly 18,000 acres were signed in the whirlwind campaign in the interest of the ten-year pool of the Burley Tobacco Society and promises were given that may result in as many more in the counties visited before the pool closes Friday of this week.

At Flemingsburg fifty farmers signed more than 8,000 acres, using up one entire contract book and part of two more. At Versailles 3,425 acres were enlisted, while at Cynthiana more than 2,000 were pledged. At Bedford 2,700 acres were signed and at Springfield 700 acres were added to the pool.

VERSAILLES, Ky., February 26.—Representative Harry A. Schoberth of Woodford county, who last week announced as a candidate for the Democratic nomination for Congressman from the Seventh District, against Congressman J. Campbell Cantrill, is quite ill at a local hospital, and his physicians fear typhoid fever will develop, as symptoms today point to that disease.

## Baseball Notes

Manager Glen McCann has signed for Mayaville Nick Kalb, the former pitcher of the Cincinnati Reserves.

The question of starting the baseball games of the National League Club earlier than the usual hour of 4 o'clock will probably be determined by a vote of the spectators at the opening game of the National League season at New York.

## A Delightful Evening

The annual praise meeting of the Ladies' Missionary Society of the First Presbyterian Church last evening was a most delightful and interesting affair. Rev. R. P. Garbold, Missionary from Japan, delighted his large audience with an instructive address relative to that wonderful country. He also sang several songs in the Japanese language. Light refreshments were served and altogether it was a most delightful occasion.

## KENTUCKY WOMAN

Is Highly Commended For Her Work in Mission Fields of India

In the report of the American Presbyterian missionaries in India, the work of a Mason county woman, Miss Mary Paxton Forman, is highly commended. She is principal of the Mary Wanamaker's Girls' High School, and has 136 Indian girls under her charge. She is the daughter of the late Rev. Charles W. Forman, who went from this county to India in 1848, where he was one of the most successful missionaries in the Presbyterian service there.

## ALL JEWS COMING HERE

Leader Says Whole of Race Will Settle in America

NEW YORK, February 25.—A prediction that the next century will see nearly all of the 11,000,000 Jews of the whole world in America, was made by Sheriff Julius H. Harburger, in an address before delegates from all parts of the country gathered today for the annual meeting of the Executive Committee of Free Sons of Israel.

Arrangements were considered for the quinquennial convention of the entire order at Rochester on May 19th. There were but 3,000 Jews in the United States when the first census was taken," he said, "and today there are 2,000,000."

## Nothing Doing

Ordinarily Monday is a busy day in Court circles, yesterday, however, was an exception to the rule, and the nothing doing sign was conspicuous in the various departments of justice. In the Police Court Judge Whitaker

was without a case on his docket; County Judge W. H. Rice was as idle as a briefless country attorney, and County Clerk James Owens was bewailing the monotonous situation on account of not having issued a single marriage license, and as to Circuit Clerk James B.

Key, he always has something, more or less, to do, otherwise it was an exceedingly dull day. Hon. Thomas D. Slattery and Commonwealth Attorney M. J. Hennessey are in Frankfort today on important legal matters.

## Matilda Annie Wood Metcalfe

In the death of Mrs. M. Annie Metcalfe at Los Angeles, California, this county loses one of its most representative women.

Born in 1824, the daughter of Andrew and Matilda Fox Wood, in the old Wood home "Belle Forest," near Washington, she was reared among the traditions and luxuries of a daughter of that era. At eighteen she finished her education at Shelbyville and married Dr. Volney Metcalfe, going South with him to Natchez, Miss., where her beautiful home is still one of the landmarks of the town. Then came the war and from causes resulting from it she lost the large property inherited from her husband, and returned to Kentucky, leaving for California in 1891, where she has since resided.

Mrs. Metcalfe was a woman of splendid mentality and nobly Christian character. She kept to the last her sunny optimism, her keen interest in public affairs, and the love for others that made her so beloved and beautiful a personality, meeting every misfortune—and they were many—with serene faith and a courage that never wavered. Her beautiful life is the sermon that, "He who runs may read," and that is the most unanswerable argument for Christianity. May she rest in peace.

FOR PRESIDENT,  
WILLIAM HOWARD TAFT.

We now want to hear from Marse Henry on "The Man on Horseback."

The lower house of congress spent an hour or two Saturday in kicking Mr. BRYAN's dog around. An enjoyable time was had.—Chicago Tribune.

From the standpoint of a Republican there is no other possible candidate for the nomination than TAFT. The notion of a third term for ROOSEVELT as candidate of the Republican party is absurd. The regulars certainly can not afford to pay any heed to him, and LA FOLLETTE's angry statement of Saturday to the effect that he and his organization will be in the contest to the end against ROOSEVELT, must make it clear that the chief result of the Colonel's boom will be to throw the progressives into hopeless and laughable confusion.

EVERY great statesman in the history of this country, from WASHINGTON and JEFFERSON and HAMILTON to LINCOLN and CLEVELAND and McKINLEY, believed in free government under such constitutional limitations as would protect the rights of the minority from the temporary decisions of the majority.

It has never been the idea that the constitutional limitations should stand in the way of the fixed opinions or desires of a majority of the people. They were planned by the fathers of the republic merely to act as a brake on the too hasty transformation of temporary popular feeling into law. When a majority of the people of this country have really made up their minds on any question, they have always had their way—and they will continue so to have their way as long as our present institutions endure.

The recall of judicial decisions on constitutional questions suggested by Mr. ROOSEVELT in his Columbus speech, would at one stroke wipe away all constitutional limitations within the States. It would make the will of the majority immediately supreme. The adoption of such a provision would provide a short cut to revolution. If a constitution can be recalled on a moment's notice by a bare majority of votes, what's the use of having a constitution at all?

MR. BRYAN awoke in New York one morning a number of years ago to discover that his proposal for the Government ownership of railroads had put a serious blight on his political fortunes. It would not be altogether surprising if his recall of decisions plan rendered Mr. ROOSEVELT a like service.—Times Star.

## FREE REMEDY HELPS CHILDREN

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.

Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. It is mild and never gripes. It is all a child's remedy should be, it is a good laxative for the family because it is effective. It is not dynamic like powerful cathartics, but is given to children in small doses.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—wonderful results have been secured with Syrup Pepsin over night.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle direct to your home. Then when satisfied buy it of your favorite druggist.

For the free sample address him: Dr. W. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

ANYHOW! "Dee-lighted," again, but only for a short time.

The Colonel will soon be yelling to TAFT: "You Gotta Quit Kickin My Hat Around!"

Washington wouldn't.  
Grant couldn't.  
Roosevelt sha'n't.

—N. Y. Evening Post.

On the 4th of March next I shall have served three and a half years and this three and a half years constitute my first term. The wise custom which limits the President to two terms regards the substance and not the form, and under no circumstances will I be a candidate for or accept another nomination.—THEODORE ROOSEVELT, Nov. 4th 1904.

In place of GEORGE WASHINGTON ROOSEVELT let it read ANNANIAS ROOSEVELT.

GRE! But it's going to be great to be Governor in Kentucky when the present General Assembly has worked its will and wended its ways.

A prison commission, a banking commission for sure, a road commission and a public utilities commission, mayhap, all of his own choosing and own faith, each with pie-a-plenty and patronage prodigious to dispense. In a government of the people, for the people and by the people, could one man ask that one man control go farther?—Louisville Times.

## Foolish Philosophy.

THINK well of yourself, of course but don't make a hog of yourself in that particular.

Certain questions have been discussed thousands of years, although the answers are known absolutely.

We are all rendered uncomfortable unnecessarily by those dismal persons who habitually View With Alarm.

People are always selfish, if not always fair and intelligent, and when they hesitate for years about accepting a doctrine said to be for their good, they hesitate because they fear maybe it isn't.

Criticism loses much of its force because it is usually either untrue, exaggerated, ill-natured or comes from jealous rivals.

When I write for the papers I do not desire to say anything that will cause "Citizen" or "Taxpayer" to come back at me with a card. But I have always wanted to express the opinion that citizens are extremely liberal in the rates they propose for street railway, gas and water companies.

Don't you know people who, in spite of all your charity, don't seem to try very hard?

There is no waste of time worse than playing cards, unless you play for stakes; if a tin horn gambler sits in the game, you are apt to waste money as well as time.—E. J. Howe.

HE HEARD NOTHING.

Neodesha (Kas.) Sun.

A tall man from the timbered hills went into a Fredonia store the other day to do some trading.

Among the desired purchases was a shirtwaist for his wife. Entering the store he was directed to the shirtwaist department, and made his want known to the young lady who was in charge.

"What bust?" asked the saleslady.

The man looked at her inquiringly a moment and then said:

"I dunno, I didn't hear nothing."

## NO ONE STRONGER THAN HIS STOMACH.

The celebrated Dr. Abernethy of London was firmly of the opinion that disorders of the stomach were the most prolific source of human ailments in general. A recent medical writer says: "every feeling, emotion and affection reports at the stomach (through the system of nerves) and the stomach is affected accordingly. It is the vital center of the body." He continues, "so we may be said to live (through) the stomach." He goes on to show that the stomach is the vital center of the body. For weak stomachs and the consequent indigestion or dyspepsia, and the multitude of various diseases which result therefrom, no medicine can be better suited as a curative agent than

MRS. MURKEN.

## Dr. Pierce's Golden Medical Discovery.

"Several months ago I suffered from a severe pain right under the breast-bone," writes Mrs. G. M. MURKEN, of Corcoran, Calif. "I had suffered from it, off and on, for several years. I also suffered from heart-burn, did not know what was the matter with me. I tried several medicines but they did me no good. Finally, I was told it was my liver. I did not dare to eat as it made me worse. Whenever I swallowed anything it seemed that I would faint—it hurt so. I grew very thin and weak from not eating. I was told to take Dr. Pierce's Golden Medical Discovery. I took ten bottles of it, and could feel myself getting better from the first dose. I could eat a little without pain and grew strong fast. To-day I am strong and well and can do a big day's work with ease. Can eat everything and have put on flesh wonderfully. I will say to all sufferers write to Dr. Pierce. He has my undying gratitude."

## Only a Few More Days!

## LAFAYETTE'S VISIT TO MAYSVILLE

He Was Accompanied By the Governor of Ohio—Incidents of the Visit

On Saturday, May 21st, 1825, General Lafayette arrived at Maysville on the steamboat Herald, accompanied by the Governor of Ohio.

He was met at the foot of Fish street by the Committee of Reception, Major Charles Pelham, Rev. John T. Elgar, Captain Maurice Langhorne, Johnson Armstrong, James Morrison, W. B. Phillips, William Murphy, John Sumrall, John Armstrong and Captain Stephen Lee of Maysville, and John Chambers, Francis Taylor and Dr. J. N. Tallafiero of Washington.

Major Pelham of the Revolutionary War delivered the address of welcome, and the procession formed in the following order:

Assistant Marshal, Light Infantry, Committee of Arrangements, General Lafayette and Hon. Jeremiah Morrow, Governor of Ohio, in a barouche; Colonel G. W. Lafayette, Major Pelham and Lafayette's Secretary in an open carriage, officers and soldiers of the Revolution, citizens and strangers.

The procession passed through the principal streets and drew up at Major Langhorne's hotel, where a sumptuous repast was served, after which the procession escorted the distinguished visitor to the steamer, which proceeded up the river.

Among other veterans of the Revolution who were present at this oration was Julius Levi, the old Marketmaster of Maysville, who served under General Lafayette at Brandywine and lost an eye at Blufford's defeat.

The above article was given THE LEDGER by Mrs. Frank Bromley and is a timely matter of historic importance. There is no imprint on the clipping, but it looks like THE Bulletin's type. Thanks to Mrs. Bromley.

After Years of Suffering. Tells How Her Health Was Regained.

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. In a short time I had regained my health and am now strong and well."—Mrs. SALLIE STEVENS, R.F.D., No. 2, Comanche, Okla.

Another Woman Recovers. Newton, N.H.—"For five years I suffered from female weakness and dragging down pains. Lydia E. Pinkham's Vegetable Compound has restored my health and the pains are gone."—Mrs. F. A. PEASLEE, R.F.D., Box 88.

The Cincinnati Reds are now at Columbus Ga., for their practice season.

Bermuda, seriously considered as a training camp by several big league teams, was passed up because of the high cost of cable tolls, which would cut down the free advertising.

## AUTO BILL PASSED

But Many Objectionable Features of Newcomb Measure Cut Out

FRANKFORT, Ky., February 26th.—The Senate today passed the Newcomb Automobile Bill by a vote of 17 to 8. FOR AGED PEOPLE  
Old Folks Should be Careful in Their Selection of a Regulative Medicine

I have a safe, dependable, and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. I am so certain that it will relieve these complaints and give absolute satisfaction in every particular that I offer it with my personal guarantee that it shall cost the user nothing if it fails to substantiate my claims. This remedy is called Rexall Orderlies.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 10c, 25c, and 50c. Sold only at my store—The Rexall Store, Thos. J. Chenoweth, corner Second and Sutton streets.

## Will Solidify Taft Men

COLUMBUS, O., February 25th.—The announcement of Colonel Roosevelt as a candidate will only tend to solidify supporters of President Taft. It will not get Roosevelt the nomination.

## STEEL CITY'S MAIDEN VOYAGE

Renamed Steamer Virginia Afloat and Will Leave Pittsburgh This Week

The steamer Steel City, formerly the ill-fated Virginia, left its dock at Pt. Pleasant Friday for Pittsburgh, and will make its maiden trip within this week.

The old Virginia was subject to so many catastrophes, that its owners yielded to superstition and changed the name.

The craft has been practically rebuilt and presents a handsome appearance.

Deafness Cannot be Cured by Local Applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## CORRESPONDENCE

## SPRINGDALE.

Mrs. Rash and Mrs. Rosemeir are in Cincinnati at the bedside of their relative, Mrs. Mollie Seebre, who is very ill.

Messrs. Tom and Lou Otto are visiting relatives at Huntington, W. Va., and Portsmouth, Ohio, this week. They expect to start for Warren, Canada, in a few days.

Mr. Thomas Hughes died at his home near here Thursday last. He leaves a widow and two children, also two sisters Mrs. W. Wilson and Mrs. J. Sartin. He was a member of the Church at Bothany and the funeral occurred there Saturday at 10 o'clock.

Corn, hay and fodder are very scarce through the country. There is much suffering among live stock. An aged citizen discussing the situation, says: "Before we began raising tobacco we always had plenty of feed. Our cribs were full of corn. Fodder was so plentiful that often it was burned in the late spring to get it out of the way. Large stacks of oats stood near every barn, reserved for spring food when the horses began to plow and the 'straw stack' from the previous wheat threshing was in evidence on every farm, around which the horses, cattle, sheep and hogs browsed in silent comfort, and even the chickens scratched and cackled and hid their nests. Now straw is brought from a distance in bales, fodder is selling at 50c the shock, and corn is a luxury, only the rich can afford it; but these days we raise tobacco, tobacco, and none of us can eat it." The old citizen is right. Let us urge the farmers to plant more food stuffs and less tobacco. This much wished for newly awakening spring time.

## COUNTY UNIT LAW

Provisions of the Act That Has Caused So Much Discussion

The Graham county unit extension bill which passed the Senate Thursday is identical with the Niles Bill, passed last week in the House. It extends to every county in the state the provisions of the Cammack county unit law, which exempted from its provisions cities of the first, second, third and fourth classes, by repealing the exceptions in the original bill. The law, as it will appear on the statute books when approved by Governor McCreary, follows:

"A—No election in any town, city, district or precinct of a county shall be held, under this article, on the same day on which an election for the entire county is held. When an election for an entire county is held and a majority of legal votes cast at said election are against the sale, barter or loan of spirituous, vinous, malt or other intoxicating liquors, then it shall not be lawful to sell, barter or loan any such liquors in any portion of the county. If, at such election for the entire county, the majority of the votes cast are in favor of the sale, barter or loan of any such liquors, such election shall not operate to make it legal to grant license to sell, barter or loan such liquors in any territorial division of such county from which the sale, barter or loan has been excluded by an election held under this article, or by special act, but the status of such territorial division shall remain as if no such election had been held.

"B—No election shall be held in any election precinct under this act on the same day on which an election is held for the district or city of which the precinct is a part, or at an election held for such entire district or city, the majority of legal votes cast shall be in favor of the sale, barter or loan of spirituous, vinous, malt or other liquors, then the status in the several precincts thereof shall remain; but if the majority should be against the sale, barter or loan of such liquors, such precinct shall be unlawful in every portion of said city or district."

## How the Mountains Were Named

Bulletin United States Geological Survey. Adirondacks: Derived from the Canienga (Mohawk) Iroquois language, in which the original form is *airontetacka*, meaning "bark eaters."

Allegheny: A corruption of the Delaware Indian name for Allegheny and Ohio rivers, the meaning of the name being lost.

Appalachian: The name was given by the Spaniards under DeSoto, who derived it from the name of a neighboring tribe, the Apalachi. Brin'n holds it radical to be the Muscogee *apala*, "great sea," or "great ocean," and that *apalache* is a compound of this word with the Muscogee personal participle "chi," and means "those by the sea."

Blue Ridge: So called from the hue which frequently envelops its distant summits.

Catakill: The mountains were called *Katsbergs* by the Dutch, from the number of wildcats found in them, and the creek, which flows from the mountains, was called *Katerskill*, "tomcats' creek."

Ozark: The *aux arc* was said to refer to the bend in White River and was applied to the Ozark Mountains, through which the river pursues a wandering course—in other words, to the mountains at the bend of the river.

Sierra Nevada: A Spanish term signifying "snow-capped range."

Must Believe It

WHEN WELL KNOWN MAYSVILLE PEOPLE TELL IT SO PLAINLY

When public endorsement is made by a representative citizen of Maysville the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man woman or child with any kidney trouble will find profit in the reading.

Mrs. Della Means, 323 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being sharp pains through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches were also common and I often became so dizzy that if I did not catch hold of something I would fall. I continued to grow worse, until I was often confined to my bed for week at a time. No remedy I tried helped me, and I began to have symptoms of dropsy. My body became bloated and I had about despaired of ever being cured, when I read of a person who had been cured of similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and obtained so much relief from the use of the first box that I continued taking this remedy until I was entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

### BIG SURPRISE AT LAGRANGE

How 150 Men of Third Iowa Cavalry Bumped Against Many Rebels and Got Away.

On May 1, 1863, a detachment of the Third Iowa Cavalry, consisting of 150 men and officers under command of Capt. J. Q. A. De Huff, of company B, left Helena, Ark., with orders to go to LAGRANGE, Ark., and return; distance about 16 miles.

General Gorman, commander of the post, in company with two ladies, accompanied us out some three or four miles, where they turned off on another road leading to a farm house, writes E. R. Kirkpatrick, company D, Third Iowa Cavalry, Lancaster, Mo., in National Tribune. As the command passed the general and the ladies he waved his hand and said: "Good-by, Third Iowa." "You'll have a good time today, and probably catch — before you get back."

Two comrades riding in the rear overheard the remark, and thought it rather a singular expression to come from the commander of the post. The pickets had informed them that a citizen dressed in butternut clothes had preceded us, and he had a pass signed by the commander of the post. They hurried up to the command, and informed Lieut. Niblick, of company D, of what they heard from the pickets and what the general had said. He in turn informed Captain De Huff and the other officers.

We had proceeded some distance, and could occasionally see a man on horseback some distance ahead riding for dear life. Captain De Huff ignored this incident, and went on. Within one mile of LAGRANGE the rebels opened on us from ambush.

I append here Captain De Huff's report of the engagement:

"I had 150 men of this regiment, and had approached to within one mile of LAGRANGE when my advance came upon the enemy 300 strong, posted in the woods on either side of the road. I deployed my men in squadrons to the right and left, and commenced a vigorous attack. My men behaved with great coolness. At the moment I was about to charge their lines another force of about 300 mounted men fell upon my rear and right flank, delivering their fire by platoons. This threw my force, so greatly outnumbered, into some confusion. I got my men into columns

Lieut. Stanton Got to the Head of the Column.

and directed them to the left, falling back through the timber about three miles, making a circuit. I again came to the LAGRANGE road. The lost on our side was three killed, eight wounded and 30 probably taken prisoners. Among the wounded are Adj. Glen Lowe and Second Lieut. Cornelius Stanton.

"My advance guard of 23 men of company D, Lieut. W. C. Niblick in command, deserves particular notice for the stand they made against the enemy, whose hottest fire they withstood with most determined bravery. "Lieutenant Stanton got to the head of the column, and fearlessly advanced the enemy with company I. He was wounded in the left arm very severely in the engagement, and blood was compelled to field. Adjutant Lowe, head of the column,

## LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs.

I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Theodor's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Theodor's."

### PLATFORM PLEDGES

Trampled Under Foot By Democrats—Refuse to Stand For Bi-Partisan Board

FRANKFORT, KY., February 26th.—The Senate today by a vote of 27 to 9 abolished the present Prison Commission and passed a bill providing for a Prison Commission of three members to be appointed by the Governor.

The bill was passed by the House and goes to the Governor for his signature. Special credit for the passage of the bill goes to Representative Elwood Hamilton in the House and Senator Seldon K. Glenn in the Senate.

The Democratic members of the Legislature would not stand for a bi-partisan Prison Board.

and throughout this uneven contest displayed a heroism of unusual character. His horse was shot from under him as soon as he came up with the enemy.

"He at once mounted another, drew his saber and encouraged the men with his voice. At this time he was shot through the ankle and afterwards fell into the hands of the enemy, who left him, after treating him kindly, without paroling him. Sergeant Breeding, company A, and Corporal Birdsell, company B, attacked a party of the enemy who had five of our men prisoners, killing two and releasing our men.

"My men did as well as men could against such odds. I am satisfied with their valor.—J. Q. A. Huff, captain commanding expedition."

## TRUE FRIEND He Knew What Food Alone Would Do

"Three years ago my brother was suddenly attacked with acute stomach trouble that ultimately reduced him to a mere skeleton. He consulted three physicians and two specialists but they gave him no relief.

"Eating ordinary food, even the smallest quantity, meant for him terrible pain which kept up until he had vomited almost all of the food up again.

"He tried many prepared foods but not one of them seemed to help, and he said they even aggravated his trouble, and when a friend urged him to try Grape-Nuts he bluntly refused. This friend being persistent, went out and bought a package of Grape-Nuts, prepared a small amount of it and actually urged him until he ate it with some cream. The results were pleasant; for the first time in a long, long time he had found food that would stay on his stomach.

"Not only that, but the Grape-Nuts rapidly brought him back to health. He lived on Grape-Nuts and cream the following week and nothing else and the effects were magical, and the following three months he ate almost nothing else, taking absolutely no medicine, and in that short time not only was his health entirely regained, but his weight also and today he is strong and in perfect health once more."

When trouble comes from improper food no medicine can cure until that improper food and its effects have been corrected by a change of diet to the proper food.
